

POCKETSMART AI

Empathy Map

- User says: "I want to know where my money goes and how to manage my budget."
- Thinks: "Am I spending too much in a category? What can I adjust?"
- Does: records purchases, checks balances, and looks for practical saving ideas.
- Feels: uncertain when expenses accumulate and relieved when spending is organized.
- Design response: clear summaries, simple data entry, transparent recommendations, and privacy-conscious handling.
